

MINORITY OWNED BUSINESS DIRECTORY

Athens has a 35% poverty rate and that has to change. Sadly it won't change overnight. Thus we created a Minority Owned Business Directory. With this directory, Highlight Magazine intends to help support Black and minority business ownership. Provide a marketplace where start-up businesses can promote, test, and sell their businesses. Stimulate economic development and increase diversity. Athens is full of entrepreneurs. Call them, tell them Highlight sent you, and see what deals they have to offer. Contact us through www.highlightathesga.com to find more local businesses or if interested in registering a business to the directory at MOBathens.
